

STORYTELLING ACTIVITY

English Story Telling Activity was virtually conducted by the Pre-Primary wing for the tiny tots of KG on 21 July 21. This activity-filled them with enthusiasm and excitement as the young one's spectacularly performed by standing confidently, narrating their story while using their creative props. Children used their imagination, voice modulation and impressive expressions while narrating their stories. This helped them in improving their language skills, communication skills and reading skills. Children enjoyed this remarkable experience.
